On All News Stands, 5 CENTS

SATURDAY MORNING, AUGUST 11, 1906.

PAUL O. STENSLAND, president of the broken Milwaukee Avenue Bank.

HENRY W. HERRING, cashier of the Milwaukee Avenue Bank.

MONTEVIDEO REJOICES AT ROOT'S ARRIVAL.

Splendid Welcome Accorded the American Secretary of State in the Capital of Uruguay—Spontaneous Warmth and Cordiality.

(BY THE ASSOCIATED PRESS—P.M.)

MONTEVIDEO, Aug. 10.—Secretary Root arrived here today, on the cruiser Charleston. Never, perhaps, in the history of the Uruguayan Republic has popular feeling been more visibly manifested than by the remarkable demonstrations of satisfaction on the part of all classes with the visit of the eminent American statesman to this picturesque capital.

Although necessarily not on the same scale of magnificence as the reception accorded Mr. Root by Brazil, or that in course of preparation by Argentina, Montevideo has extended to him a welcome full of spontaneous warmth and cordiality.

At an early hour this morning the crowd began assembling at every vantage point in the port and on the moles. It continually grew in numbers, until seemingly the entire population was out to greet the visitors.

LONG LIFE TO ALL.

The arrival of the cruiser with the distinguished travelers was the culminating point in enthusiasm of the crowds. Cries of "Long live Secretary Root," "Long live President Roosevelt," and "Long live the Great Republic of the North!" rent the air.

These were repeated when the steamer Triton went alongside the Charleston for the purpose of enabling the committee, composed of several leading residents, officials and a number of ladies, to board the cruiser and tender the first welcome to the visitors. After this ceremony, the committee and Secretary Root's party boarded the steamer Ingeniero, whence the landing was made at 2 o'clock.

As soon as Mr. Root was on shore, Dr. José Romeu, the Minister of Foreign Affairs, delivered a speech of welcome to which Mr. Root made a brief reply.

STRIKING AND IMPRESSIVE.

As the visitors drove away, accompanied by Minister O'Brien, to the splendid residence in the heart of the city which had been provided for them, the scenes of enthusiasm were impressive and striking. Mrs. Root and Miss Root shared the heartiness

WORKING ON DRAGON.

(BY THE ASSOCIATED PRESS—P.M.)

RIO DE JANEIRO, Aug. 10.—The Argentine delegates to the Rio de Janeiro conference made unavailing efforts, today, to incorporate the definition of the Drago doctrine in a resolution under discussion by the committee having such affairs in hand. The congress will sit again next Monday.

"JOHN, THE ORANGE MAN."

Harvard's Mascot for Twenty-five Years Lies at Point of Death in Massachusetts Hospital.

(BY THE ASSOCIATED PRESS—P.M.)

CAMBRIDGE (Mass.) Aug. 10.—[Exclusive Dispatch.] "John, the Orange Man," mascot for Harvard gridiron battles and athletic contests for the past twenty-five years, and who has furnished over fifty "crimson" classes fruit daily, is lying at the point of death at Massachusetts General Hospital, following an operation.

John is aged 73. He was born at Kenmore, County Kerry, Ireland, and was noted for vocal ability in Irish songs. He gained considerable notoriety, last February, when he made his professional stage debut in New York in "Brown of Harvard."

ANOTHER OHIO HERETIC.

Rev. George Clarke Cox May Not Have Been "Over the Border" but He's on Trial.

(BY DIRECT WIRE TO THE TIMES.)

CINCINNATI (O.) Aug. 10.—[Exclusive Dispatch.] Declaring openly in a letter to Bishop Vincent that he does not accept the doctrines of the immaculate conception nor the bodily resurrection of Christ, Rev. George Clarke Cox, rector of Calvary Episcopal Church, Clinton, the richest and most aristocratic church in Cincinnati, faces trial for heresy.

Dr. Cox says that he agrees fully with Dr. Crapsey, who was convicted of heresy recently at a church trial.

BANK EASILY LOOTED BY NORSE'S METHODS.

It Is Now Charged That Stensland Stole Two Million Dollars.

Notes Aggregating in Value Over Half a Million With Forged Signatures Found in the Vaults—Stacks of Others Ready to Fill in Also Discovered—Paying Teller Kowalski Kills Himself.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 10.—Assistant State's Attorney Olsen found what he termed a "regular forger's nest" while going through the books and papers of the Milwaukee Avenue State Bank with Cashier Herring and State Bank Examiner Jones today. The "nest" was composed of two envelopes filled with notes and blank forms. The blank forms contained signatures which had been traced from the regular depositors' signature books.

Paying Teller Frank Kowalski killed himself today.

STENSLAND GOING TO MEXICO.

(BY DIRECT WIRE TO THE TIMES.)

FORT WORTH (Tex.) Aug. 10.—[Exclusive Dispatch.] Paul O. Stensland, missing president of the Milwaukee Avenue State Bank of Chicago, was in Fort Worth, today, and according to Henry V. Adams, who is a former commission broker of Chicago, is now on his way to Mexico. Adams said he traveled all the way from New Orleans to this city in the same sleeping car, attached to a Texas and Pacific train, as Stensland, and, knowing him well, held a conversation with the banker. Adams stated that he did not know Stensland was fleeing, and not until he reached here did he know of the bank's failure.

Adams declared that Stensland appeared to be very nervous, attributing it to the intensely hot weather. He told Adams that he was en route to Mexico on a pleasure trip, saying that he was positive the mountains of that country would aid his health. When asked as to the condition of the bank, Stensland said, Adams declared it was never more prosperous, and that it was one of the strongest institutions in the country.

CHICAGO, Aug. 10.—[Exclusive Dispatch.] Another life paid the penalty of "high finance," this evening, when Frank Kowalski, paying teller of the Milwaukee Avenue State Bank, shot and killed himself at his home on North Carpenter street.

What part Kowalski played in the looting of the bank is not yet known. Further than the suspicion that all employees were constant of President Stensland's thieving, the police apparently have nothing so far against the teller.

COULDN'T ENDURE CRITICISM. Criticism by friends and neighbors believed to have caused Kowalski to kill himself. While he was accused of having knowledge of the bank's condition, he, in fact, had \$1000 of his own money on deposit, and his relatives had \$50,000 more.

Kowalski represented the Polish element in the bank. The climax came yesterday, when a woman neighbor, who had lost her money, stopped him in the street and exclaimed: "Oh, Frank, how could you do it? Why didn't you let us know?"

Last night Kowalski was very despondent, and said to his brother: "Every one holds me responsible for the money they have lost; I don't know what I can do."

"FORGERS' NEST."

Developments indicate that the Milwaukee Avenue Bank was a genuine forger's nest. With the discovery of new forgeries, today, it is charged that President Stensland stole \$2,000,000. Notes aggregating more than \$500,000, the signatures of which have been pronounced forgeries, were unearthed in the vaults of the bank by Cashier Herring.

STACKS OF NOTES. Stacks of notes in blank, as to amount, with signatures already forged, and ready to be filled in for any amount desired, were also found.

The blank note forms, similar to those upon which money had been realized by Stensland at his will, were, in the opinion of Assistant State's Attorney Olsen, "a regular forger's nest."

(Continued on Fourth Page.)

"O RIGHTEOUS JUDGE," COMES TO JUDGMENT.

His Honor Booth M. Malone of District Court of Denver Spurns Fifty Thousand Dollars and Offer of Renomination by Corporations.

(BY DIRECT WIRE TO THE TIMES.)

DENVER, (Colo.) Aug. 10.—[Exclusive Dispatch.] Judge Booth M. Malone of the District Court could have made \$50,000 by one stroke of his pen, and at the same time have secured a renomination to the position he now occupies, had he not scorned the money which an agent of certain corporations offered him on condition that he would issue a writ of prohibition that would stop the investigation of the alleged franchise election frauds before Judge Lindsey.

The attempted bribery of Judge Malone became known today, and added to the sensation which followed the flight of several of Denver's well-known citizens. Judge Malone confirmed the truth of the statement, but would not go into details regarding it.

Judge Frank T. Johnson recently went into details regarding an effort to bribe him, and Judge Lindsey issued a public statement less than a week ago, telling of efforts to approach him made by corporation representatives.

TAKING TO THE STAGE.

SEATTLE, Aug. 10.—[Exclusive Dispatch.] Beatrice McClure, wife of Horace McClure, former managing editor of the Seattle Post-Intelligencer, has signed a contract to go on the stage, under the management of John Cort. Mrs. McClure will leave next week for New York City, to begin rehearsals, and will appear in support of Max Fiskman in "The Man on the Box." Horace McClure is now business agent of the Seattle Chamber of Commerce at Washington, D. C., during the sessions of Congress.

QUES FOR A MILLION.

C. H. Crabtree in a Legal War.

Charges Prominent Citizens of Des Moines and Dakota With Crimes.

Alleges Conspiracy to Rob Him of Ownership of the Gladiator Mines.

Declares His Daughter Was Killed by Discovery of Their Perfidy.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES (Iowa) Aug. 10.—[Exclusive Dispatch.] Charging that he had been damaged to the extent of \$1,000,000 by a conspiracy entered into by more than a score of prominent Des Moines and Dakota citizens to deprive him of the ownership of the Gladiator gold mines, C. H. Crabtree today began a suit for that amount in the District Court.

The suit is the climax of a sensational fight for the ownership of the famous gold mines capitalized at \$4,000,000 which has dragged for three years through the civil and criminal courts of Polk county.

Among the best known of thirty-one plaintiffs who are sued for \$1,000,000, the largest amount ever asked in local court, are A. L. Steele, M. E. Ervin, Joseph A. Miller, George H. Carr, Mrs. Louise McKay, Robert J. Bannister, J. C. Dooley, John Newburn, W. N. McKay, W. A. Odell, J. B. Goode and C. M. Nagel.

CRABTREE'S CHARGE.

Crabtree charges the thirty-one defendants with conspiring in every conceivable way to deprive him of his good name.

To wrest from him control of the Gladiator Company.

"With being responsible for the death of his daughter, Rose Crabtree.

The plaintiff alleges that, on December 1, 1896, he placed in the hands of A. L. Steele the charge of the "Gold Flash," "Red Cloud," and Gladiator Mining Companies.

Miss M. K. Ervin, he says, was employed as stenographer, J. B. McCaughan, he says, was the lover of Miss Ervin, and thus learned of the company's doings.

He says that C. M. Nagel of Clarion was employed as counsel, but failed to cross-examine and assisted in the conspiracy; that A. M. Miller was employed by him to take the place of Steele but also joined the conspiracy.

PROMISED A "WIPING."

He further alleges that J. C. Dooley joined the conspiracy and began a series of suits without merit to ruin him, that John Newburn announced that he would "wipe the plaintiff off the earth."

Also that Jesse A. Miller, as county attorney, tried to prevent the indictment of A. L. Steele for conspiracy; that W. I. Howland and Aaron Anderson of Sioux Falls obtained an indictment against him which was afterwards dismissed; that W. N. McKay and his wife were given \$15,000 shares to promote the stock of the mines, but, instead, attempted to force down the value to ruin him, by false interviews; that J. B. Goode of St. Louis, while pretending to act as his financial advisor, induced him to transfer 1,000,000 shares of stock to him, and then tried to force him to consolidate his company.

HIS GENERAL SUMMARY.

As general charge of conspiracy and as basis for claims for damages, Crabtree alleges: That he formerly enjoyed an annual income of \$10,000; that forty or fifty suits were brought against him without merit; that he had a controlling interest in the four-million-dollar corporation; that he spent \$100,000 in paying lawyers to defend himself; that his daughter's health was ruined by the stock of the mines, but, instead, attempted to force down the value to ruin him, by false interviews; that J. B. Goode of St. Louis, while pretending to act as his financial advisor, induced him to transfer 1,000,000 shares of stock to him, and then tried to force him to consolidate his company.

"LIBELS" HER HUSBAND.

BOSTON, Aug. 10.—[Exclusive Dispatch.] Alice Long, who is now in Southern California awaiting the opening of the theatrical season, has served a libel order on her husband, H. Gittus Longdale, the actor, for divorce, charging him with cruel and abusive treatment, drinking to excess and being a constant gambler. The couple were married in 1890, but disagreements began as far back as 1896, when they separated. She hopes to secure a decree before the opening of the season.

GIFTS FOR NEW Y.M.C.A.

DENVER (Colo.) Aug. 10.—[Exclusive Dispatch.] Henry J. McCoy, secretary of the San Francisco Young Men's Christian Association, here, en route homeward, announces the gift of \$414,000 by twelve men to build a new structure. Rockefeller heads the list with \$250,000.

RATCLIFFE'S NEWEST SUIT.

Case of Nance O'Neill Recalled by Her Former Leading Man's Lawyers Bringing Civil Action.

(BY DIRECT WIRE TO THE TIMES.)

BOSTON, Aug. 10.—[Exclusive Dispatch.] Having cultivated the lawsuit habit, Edward J. Ratcliffe, formerly leading man for Nance O'Neill, the San Francisco tragedienne, awoke, today, to find that it is a bad habit to acquire. He discovered himself bound in legal entanglements that he cannot break without a finish fight in the courts. His original lawyers in the suit against Nance O'Neill begun two years ago, when she contracted with John B. Schoenfeld, manager of her theatrical ventures, have brought suit against him for \$2000 for legal fees and the \$500 which was tied up in Schoenfeld's hands by Ratcliffe's injunction when he first began suit against Miss O'Neill.

Suit after suit has been cleared, till finally Ratcliffe got a look at his \$500, after having his injunction modified, only to find that it now is tied up again by a new suit.

HAD TOO MANY HORSES ON HIM.

TALE OF A MAN WHO WORKED WHILE OTHERS SLEPT.

(BY DIRECT WIRE TO THE TIMES.)

J. P. Rogers's Select Sinuosityes Recently Employed in the Acquisition of Horseflesh Glims Him as One Who "Does Things" Though He Was Not Running for Office.

(BY DIRECT WIRE TO THE TIMES.)

DENVER (Colo.) Aug. 10.—[Exclusive Dispatch.] Passing as a wealthy horseowner and dealer by day, and following the occupation of stealing horses from the residents of fashionable Capitol Hill by night, J. P. Rogers has been arrested.

He has several other names by which he has been known.

It is said he carried on his nefarious trade with skill and acumen.

For months he operated, and was only apprehended through the clever work of men connected with the detective department.

This department Sheriff Niblett attached to his office a few weeks ago.

ACCORDING TO THEM.

According to the officers, Rogers, though formerly a convict at Joliet, comes of a good family in the East. He is 25 years old.

After Rogers's arrest, the officers found that he had lived on Washington avenue, where he had rented a barn, claiming to be a dealer in horses.

It was to this barn that he is said to have taken his horses.

After removing them from the stables of their owners, it is said the man had arranged hidden stables where the horses could be concealed until he sold them.

HAD NO MONEY.

Though it is alleged that Rogers had just sold the Powers horse, he was penniless when arrested.

The man was well dressed. He is lame, and is forced to wear a steel brace on his right leg. From this leg a portion of the bone was removed through an operation several years ago.

This was following a fight with officers in Illinois.

Rogers is said to have made the acquaintance of many of the best known men in Denver.

He posed as a horseman, here for his health and interested in the ponies purely as a means of diversion.

The horses Rogers is alleged to have stolen ranged in value from \$250 upward.

Two of them were recovered in Colorado Springs, where they had been sold.

HUNGER BRINGS HIM DOWN.

From His Perch Seventy-five Feet Up on a Telegraph Pole Wolf Came to Earth.

(BY DIRECT WIRE TO THE TIMES.)

HARTFORD (Conn.) Aug. 10.—[Exclusive Dispatch.] Perched seventy-five feet on top of a telegraph pole, Robert Wolf, aged 19, a young lineman of Brooklyn, N. Y., wanted there for abandoning his eighteen-year-old wife, starved five hours by Constable McCarty at Windsor Locks, a few miles from here. He finally was arrested, when he got hungry, and started to climb down past McCarty.

McCarty had two bad falls before he cornered Wolf. He took revenge by hurrying Wolf to New York without supper.

HEART JUMPS FOR HEALTH.

Lillian Mogg Gets Well After Her Organ Shifts to the Right Side.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Aug. 10.—[Exclusive Dispatch.] Alive after her heart had jumped from the left to the right side of her body, never ill a day since, although always in poor health before, Lillian Mogg, 25 years of age, who lives with her sister, Mrs. Catherine Young, in East One Hundred and Fifty-fourth street, has so interested physicians that she has been offered as much as \$10,000 to bequeath her body, at death, to the medical world.

The latest of these offers came from a Connecticut physician, who, a year ago, offered her \$5000, but who yesterday doubled his price.

RUSSIAN MODERATES SHAPING CAMPAIGN.

(BY THE ASSOCIATED PRESS—P.M.)

DESSA, Aug. 10.—A well-dressed girl, about 18 years old, whose identity is unknown, registered, this morning, at the Hotel St. Petersburg, adjoining the palace of Governor-General Kaulbars.

This evening, she inquired for the general's residence, and proceeded towards the palace. When but a few yards from the entrance, she dropped her reticule, which contained a bomb. The missile exploded but did not injure the girl, who rushed to the hotel and shot herself.

It was learned later that the girl was a daughter of Gen. Brinza. The girl registered at the Hotel St. Petersburg under the name of Potupka.

BRIGADES ON BIKES.

(BY THE ASSOCIATED PRESS—A.M.)

MOSCOW, Aug. 10.—A band of brigades on bicycles is systematically robbing village churches in this vicinity, avowedly to secure funds for the revolutionists.

HEAVY RAILWAY ROBBERY.

(BY THE ASSOCIATED PRESS—A.M.)

VERKHNOYANSK, Aug. 10.—A roving band of Cossacks rode into the railway station here, yesterday, and robbed the cashier of \$47,500.

ST. PETERSBURG, Aug. 10.—

The healthiest symptoms of the situation are the efforts now being made at Moscow by the new party of pacifists, to secure the active cooperation of the moderate-minded Constitutional Democrats and unite the progressive elements of society which do not believe in a violent revolution and defeat the candidates of the extremists of all parties to the coming elections.

Should the negotiations be successful, it is their intention to issue an appeal to the country asking all who favor a peaceful solution of the political, economic and ethical problems to sink individual differences, unite and compel the government to make concessions to a constitutional regime and at the same time save the country from a violent revolution and anarchy. Later it is the intention to call a convention and begin an active electoral campaign.

THE NEW LOAN.

The first financial operation of the government since the revolution of Parliament is the amortization of the interior loan of \$12,000,000, bearing 3.5 per cent., with a new issue bearing 4 per cent. interest.

THE "FIGHTING" FIGHTERS.

The attempts on the lives of Vice-Admiral Duboussoff, on May 4, and of Gen. Nepluev, commander of the Sebastopol forces, on May 27, have been traced to the "fighting" fighting organization, the "Black Sea Sea," of which Savinkoff, a member of the General Committee of the Social Revolutionists, and Lieut. Kholodkovsk, formerly of the Black Sea Sea, were leaders. Savinkoff was arrested on suspicion of complicity in the attempt on Gen. Nepluev's life, but he escaped two days later.

Duboussoff's assassin, who was killed by the explosion of his own bomb, was not positively identified. A girl student, Mlle. Mitshenko, who was involved in the conspiracy, had three of her fingers blown off and was otherwise terribly mutilated while leading a bomb. She is a daughter of Gen.

Nepluev, who was killed by the explosion of his own bomb, was not positively identified. A girl student, Mlle. Mitshenko, who was involved in the conspiracy, had three of her fingers blown off and was otherwise terribly mutilated while leading a bomb. She is a daughter of Gen.

Nepluev, who was killed by the explosion of his own bomb, was not positively identified. A girl student, Mlle. Mitshenko, who was involved in the conspiracy, had three of her fingers blown off and was otherwise terribly mutilated while leading a bomb. She is a daughter of Gen.

HIGH SPEEDING AUTO IN CRASH.

Three Persons Badly Injured in New York by Overturning Motor Car Which Dumps Passengers Against the Curb—Mrs. Noble of Baltimore Dies Later.

NEW YORK, Aug. 10.—While pursued by James F. Smith, a mounted policeman, a large touring automobile was wrecked at the corner of Jerome and Burnside avenues, the Bronx, early today.

The dead: MRS. NOBLE, Baltimore.

The injured are: Mrs. Margaret Johnson, No. 311 West One hundred and Sixteenth street, suffering from shock.

Stewart Elliott, owner and driver of the car, No. 317 West Twelfth street, contusions.

The automobile was bound south in Jerome avenue, going at a high rate of speed. Smith hailed the driver, and when Elliott did not stop, started to pursue him.

The automobile struck the curb and turned turtle. Elliott was arrested.

Before the machine overturned, Mrs. Johnson, Mrs. Noble, who occupied the tonneau, had leaped for safety over the side of the car.

She struck the curb flagging, where she lay unconscious.

Noted this evening at the Fordham Hospital.

The personal estate of President Stensland, valued at \$200,000, was placed in the hands of a receiver, William C. Black, president of the Chicago Title and Trust Company, Chicago, appointed receiver in bonds of \$100,000.

SPECIAL CHANCERY MASTER.

Frank P. Schmidt was appointed special master in chancery in the litigation resulting from the suspension of the Milwaukee Avenue State Bank by Judge Brentano in the Superior Court today.

Schmidt's appointment was made at the request of Receiver William C. Black, president of the Chicago Title and Trust Company, Chicago, appointed receiver in bonds of \$100,000.

The Milwaukee Avenue State Bank, which organization had deposited in the closed bank, it is claimed, more than \$400,000.

The bank was asked in the petition to allow the allowance to become a party complainant to the receivership proceedings, and officers of the bank expressed to Judge Brentano their confidence in Feister as receiver.

DISOLUTION OF COMPANIES.

The first step in the dissolution of outside companies with which Stensland, the defunct teller, was connected, was taken today, when a petition in involuntary bankruptcy was filed against the Milwaukee Avenue State Bank.

The stockholders of the Milwaukee Avenue State Bank, which organization had deposited in the closed bank, it is claimed, more than \$400,000.

The bank was asked in the petition to allow the allowance to become a party complainant to the receivership proceedings, and officers of the bank expressed to Judge Brentano their confidence in Feister as receiver.

FEDERAL GRIP DETAINS HIM.

CONTRACTOR'S CONFISCATED A SUSPENSION OF WORK ON TUNNEL IN CONNECTION WITH WYOMING IRRIGATION PROJECT MOVES SECRETARY OF INTERIOR TO TAKE DRASTIC ACTION.

WASHINGTON, Aug. 10.—Under the authority of the Secretary of the Interior, Charles E. Smith, director of the Geological Survey today ordered the confiscation of the whole of the contractor's outfit for work on the Corbett tunnel on the irrigation project in northern Wyoming. It was ascertained by the Secretary that the contractor, who it appeared, had abandoned the work, but was about to remove all his appliances from the premises.

This contract was awarded to Charles E. Smith, director of the Geological Survey, for carrying on the work under the Western Construction Company. The difficulties of securing labor and the high cost of material resulted in the contractor's abandoning the work, and the government was unable to pay the 400 or more men then employed. The bids on the Corbett tunnel were \$1,000,000. The next lowest bid was made by White & Co. of New York, at \$595,730.

The government officers also took possession of the work and outfit of the contractor, who it appeared, had abandoned the work, but was about to remove all his appliances from the premises.

This contract was awarded to Charles E. Smith, director of the Geological Survey, for carrying on the work under the Western Construction Company. The difficulties of securing labor and the high cost of material resulted in the contractor's abandoning the work, and the government was unable to pay the 400 or more men then employed. The bids on the Corbett tunnel were \$1,000,000. The next lowest bid was made by White & Co. of New York, at \$595,730.

HOAX STARTED, MAIL PRAYERS.

Bishop Lawrence Not Author of the Nuisance.

Endless Chain Worries Recipients of Requests.

Newspapers Everywhere Are Urged to Break Links.

(BY THE ASSOCIATED PRESS—A.M.)

BOSTON, Aug. 10.—So much annoyance has been caused to Rev. William Lawrence, Episcopal bishop of Massachusetts, by the flood of letters which have been pouring in for several months regarding the so-called "endless chain of prayer," alleged to have been started by him, that the bishop has found it necessary to issue a denial that he is connected with the matter.

The endless chain of prayer, said to have been written by Bishop Lawrence, is a hoax. Bishop Lawrence of Massachusetts never wrote it and knew nothing about it. It is the work of some demented or mischievous person.

DENIAL PUBLISHED.

A denial that such a scheme had been started by any church official or dignitary was promptly published in all the Episcopal Church papers as well as in the local secular papers in many cities. The church officials also went to Episcopal clergymen throughout the country a letter describing the hoax.

Despite this, however, there is scarcely a day when Bishop Lawrence does not receive letters containing inquiries concerning it. Such queries have come recently from Florida, Texas, Northern and Western States and points in Canada, while only this week a query regarding it was received from Paris.

The prayer begins with an invocation for divine mercy on all mankind, and says it was sent by Bishop Lawrence, who recommended it to be sent to nine persons. Misfortune was threatened to whomsoever failed to send it. On the other hand, it promises that he who will rewrite this prayer will be delivered from every calamity.

INQUIRIES NUMEROUS.

The inquiries concerning the endless chain and comments on it which have been received indicate that the fears of many persons have been so worked upon by the mention of "dreadful accident" as the penalty for failing to comply with the conditions of the scheme, that they have not only aided in the spread of the prayer but have felt great terror lest they might meet with misfortune.

One of the most striking letters regarding the matter was received by the editor of a Montreal paper from a correspondent in British Columbia. This correspondent wrote as follows:

WORKS ON NERVOUS.

"I enclose a copy of a letter (the endless chain letter) with which the United States and Canadian mails are flooded. I received the seventh today from Canada, and have resolved to give the matter publicity. One of my

SPAIN IS FIRM AGAINST PIUS.

MADRID JOINS PARIS IN FIGHT FOR STATE SUPREMACY.

At First Sitting of Parliament, Government Will Introduce Bill Making Religious Orders Amenable to Law Controlling Industrial Corporations. Cabinet Fears Not Papal Edict.

(BY THE ASSOCIATED PRESS—P.M.)

MADRID, Aug. 10.—The government continues to maintain a firm attitude on the church and state question. A minister today declared that, while the government was desirous of avoiding a breach with the Vatican, it has been determined to defend the supremacy of the state.

At the first sitting of Parliament the government will introduce a bill making the religious orders amenable to the law controlling industrial corporations.

The government will also introduce a bill providing that members of orders recently expelled from France will be required to become naturalized or leave Spain.

The minister said that the cabinet is determined to carry these measures and did not fear papal excommunication.

Saffronoff, whose work at the National Conservatory of Music and Philharmonic Society in New York during the past two years created much favorable comment, has signed a three years' contract as director of those organizations.

One Dollar Opens a Bank Account.

The Consolidated Bank of Los Angeles, 124 South Broadway, in the Chamber of Commerce building, will be open tonight, as usual, to accommodate the public in general and its old patrons. Four per cent. interest paid on savings deposits. One dollar opens an account. The small deposit is appreciated. Make your money earn four per cent. interest. As an accommodation to workingmen, checks on other banks and contractors pay checks are cashed.

SECOND STREET ROOMING-HOUSE SCENE OF GORY FIGHT.

Tourist, Woman, Constable's Star, Landlady and Policemen Scrambled Into Males Which Ends in Steel Cell for Two and Much Entertainment for Many Spectators.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Aug. 10.—Gen. Crozier, chief of ordnance in the United States army, said yesterday that the light, sharp-pointed rifle bullet which experts have been testing for a month past had shown such satisfactory qualities that it would probably be accepted for use in the new army rifle, replacing the present service bullet.

The principal advantages of the light bullet are its flat trajectory and great penetrating power. On a 1000-yard range it will be effective, while the regular service bullet is out of range for about 700 yards out of 1000 and the 500-yard mark cavalryman would hear the bullets whizzing over their heads.

The new bullet has a muzzle velocity of 2700 feet per second, the swiftest ever attained in a service weapon. At 500 yards it will penetrate white pine for thirty-two inches, as against twenty-six inches for the old bullet.

Another advantage in the light bullet is that it lessens the kick of the rifle. It weighs 150 grains and is fired with 26½ grains of smokeless powder. The only serious drawback of the new bullet is that it is less accurate than that of the old one, but Gen. Crozier hopes to remedy this by making a slight change in its shape.

FAY WELCOMED HOME.

Actress Bride of William J. Patterson Receives an Ovation at Springfield.

(BY THE ASSOCIATED PRESS—A.M.)

PITTSBURGH, Aug. 10.—Fay Templeton, or rather, Mrs. William J. Patterson, arrived at her Pennsylvania home last night, Mr. and Mrs. Patterson drove into Springfield, a suburb of this city, early in the evening in a trap, coming over the country from New Kensington.

The Patterson residence, which has been closed since the death of the first Mrs. Patterson, had been in the hands of the caretakers and renovators for several days and this excited suspicion.

Although the Pattersons distinctly declined to be "at home" to serenaders, other houses in the vicinity were lighted up and the residents were out on the porch and applauded the players. Not to be entirely balked in its purpose a drum corps marched about the town playing lustily and ended up at the railroad station where an impromptu concert was given.

LOEB SUE FOR ARREST.

The President's Secretary Defendant in Action Brought by Jewish Writer.

(BY THE ASSOCIATED PRESS—A.M.)

OSTER BAY, Aug. 10.—William Loeb, Jr., secretary to the President, was made defendant in a \$50,000 damage suit today in which he is charged with having caused the false arrest of Nadage Dorce, a Jewish writer. The arrest was made last winter in Washington when Miss Dorce was distributing leaflets advertising her work in the defense of Russian Jews at St. John's Episcopal Church.

Papers were served on Loeb today by a New York firm of lawyers. They require him to make answer within twenty days in New York.

RUSSIA'S ALLIES EXTOL DOUMA.

LEADING MEN OF FRANCE ISSUE SIGNIFICANT ADDRESS.

Outlawed Parliament Was Stepping-stone to Progress and Prosperity, Without Which There Can Be No Common Ideals and Interests for Gaul and Slav.

(BY THE ASSOCIATED PRESS—A.M.)

PARIS, Aug. 10.—The leading Senators, Deputies, former Cabinet members and members of the Institute and of the Academy have united in an address extolling the outlawed Russian Parliament as the bulwark on which Russia's hopes are dependent. The address says:

"History teaches us that a representative government and individual liberty are the only certain means on which a nation can found progress and prosperity. As the friends of Russia we watched with profound interest the Russian Parliament and its struggle for existence.

"The triumph of liberty in Russia, which we hope is near, will permit the Russian and French people loyalty to support the Franco-Russian alliance upon the basis of common ideals and interests."

"The Russian Parliament is dead. Long live the Russian Parliament!" Senator Pierre Bartholot, ex-Minister of Foreign Affairs, forwarded the address to Prof. Mouroumteff, who was President of the lower House of the Russian Parliament.

JUDGE IN CONTEMPT.

Justice Fitzgerald of New York Special Sessions Court Falls to Answer Summons.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Aug. 10.—Justice Thomas W. Fitzgerald of the Court of Special Sessions in the second judicial district was adjudged guilty of contempt of court by Justice William D. Dickey in the Supreme Court, Brooklyn, yesterday. The justice had been ordered to appear in court and submit to an examination in connection with proceedings in connection with a judgment of \$2000 against him and he did not do so.

An attorney appeared for him and sought an adjournment until today. Justice Dickey would not accept this continuance, saying that Justice Fitzgerald should know better than to "offer it. He then adjudged him to be in contempt, but gave him until this morning to make an explanation.

SATURDAY MORNING, AUGUST 11, 1906.

HAMMEL "HUMPS" HIS WAY TOWARD SHERIFF'S SEAT.

Parasols up for the Hammel sunrise; draw the blinds to dim the glare; "Bully's" boom has caught the "wise guys;" grease the way to the Sheriff's chair.

The bright light that has caused the political Riato in the last few days to shimmer like a new diamond at Long Beach on a clear morning, has been traced to the effulgence of the rising sun of the Hammel boomlet.

Ever since the word went down the line that Hammel will be welcomed as a tower of strength to the Republican ticket, there has been a rush for the Hammel band wagon.

Out of the chaos of uncertainties it is remarkable how the organization stand-bys have found all of a sudden, that they were for Hammel all the time.

Hammel is out of his seeming cave of seclusion at last, and it has been found that he wasn't in a cave at all, but on his front lawn keeping the sprinkler going.

He hasn't been racing through the streets in a hooting automobile, chasing the sprinkling-cart, vote, nor standing on the City Hall steps like Liberty, glad-handing the world. He isn't using the prestige of an office-holder, aided by a galaxy of deputies, to boost his cause, nor placed any of the public servants out as stalking horses to coral delegates for him.

A WALKING CANDIDATE.

His campaign secret is out. He has been walking after the delegates. Hammel men call it a "walk-away." Instead of going shooting out over the desert in an automobile to central Antelope Valley vote, Hammel slips on a pair of brogans in the morning and takes a before-breakfast jaunt of twenty miles or so and ties up the support of convention heavyweights.

If the roads be dusty, Hammel jumps on behind a riding horse, on and gets a lift, or he goes out on the morning train to Downey, gets in the town back and is whisked to the house of the prospective delegate at 25 cents a whirl.

His is a peripatetic campaign. He says so himself. Once in awhile he books up his team and drives into the country, but the street-car lines have swallowed a goodly portion of his traveling expenses. The shoe dealers get the rest. He hasn't said "outwitted" once.

It turns out that it is Hammel against the field.

The falling-out of White and Werdin was a clever play of those Hammel candidates to keep the office between them. They fell out for the sake of appearances. They campaigned together as long as they thought they could do so with safety, then they "fell out" and dropped into the same basket.

SCRATCH THE OTHERS.

Scratch other candidates deep enough and B is said White blood will be drawn.

Report has it that Harry Wilson of Long Beach seeks to control his home delegation with the sincere purpose of landing himself in the Sheriff's office. Wilson is a deputy sheriff, appointed by White, still holding his office and drawing salary from the county—and yet in a bitter fight to unseat the man who gave him his job!

There are some who are unkind enough to say, though, that if Wilson is a deputy sheriff, he is a deputy sheriff, and then finds in the convention that he can muster no other strength, he will turn his support to White.

Others aver that Wilson is in the Long Beach contest to prevent that delegation from coming to the convention for Charles L. Heartwell of that city, candidate for County Treasurer. Mark Jones, who has been Treasurer for two terms and wants a third, would be in his feather if Heartwell were not supported by the delegation from his home precinct.

They who are for Hammel say it is clear that, and understanding what whereby White, Werdin and Wilson have a common interest—the nomination of one of their number, preferably White.

OUT TO BEAT HIM.

"Be for Werdin or for Wilson," say the White campaigners to prospective delegates, "but not for Hammel."

Be for White or for Wilson, but not for Hammel," say the Werdin voters.

"Be for White or for Werdin, but not for Hammel," say the Wilson supporters.

"Anything to beat Hammel," it goes—and the wise bettors place money on Hammel against the field since it has become known that the party managers have said he is wanted to strengthen the ticket.

Meanwhile, John Burr of San Fernando is traveling his own way, apparently, with the "Mutual Admiration Society" whooping it up for him and shouting that Hammel doesn't "need" the place, because he is "rich" man.

Whether Harry Pritchard of Santa Monica, and W. F. Weber and John C. Cline of Los Angeles are working earnestly for any "rich" people is not their own is something that has not been made clear. The Santa Monica delegation will come to the convention, it is said, mainly in the interest of George H. Hutton for Superior Judge. That the delegates will attempt to get more than one office is thought to be quite improbable.

WHITE'S OLD COMBINE.

White's combine with the majority of the Board of Supervisors to prevent an examination of his books to show how much it cost him to feed prisoners at the County Jail is keeping his explanation bureau busy. It has been said that Hammel's books will be more accessible, should he be nominated and elected.

Hammel's friends say the stories of his fabulous wealth are imaginary. They say he left the Sheriff's office four years ago with a portion of his salary prudently saved and possibly a suit of clothes to represent his profit on feeding prisoners at a time when the fuel and all other necessities for preparing meals for prisoners.

Since then the "feed" profits have formed a big share of the perquisites of the Sheriff.

When the sun set last night, the Hammel boom was as big as an oil fire in front of the Sheriff's office.

SNAKE BITES HORSE.

Pet Mare of Woman Rancher Thrown Into Convulsions by Rattlesnake's Poison.

Bitten by a rattlesnake, a pet horse owned by a woman rancher in the San Fernando Valley, not far from Glendale, went into convulsions yesterday and in its struggles broke its foreleg and had to be shot.

Early yesterday morning the mare was staked out in a big alfalfa field at the foot of a rocky hill, which is an off-shoot of the Verdugo range of mountains. A few hours later it was noticed that "Pet" was acting queerly and an investigation showed that she had been bitten on the nose, evidently by a rattlesnake.

The poor horse seemed to realize that it had been severely hurt and came to meet the young man who approached her, but was taken with convulsions and fell on its side. The convulsion lasted for about a minute.

The nose of the horse was much swollen and turning blue, blood trickled from it, and her jaws were locked tightly as though she was affected by lockjaw. A veterinary surgeon was at once sent for, but before one could be brought the horse fell from one convulsion into another, in one of her struggles breaking her leg.

A .45-caliber bullet put an end to her suffering.

This is the first time in a great many years that there is any record of live stock being bitten by a rattlesnake in that district and it is supposed that some wandering reptile was attracted from the mountains to the alfalfa field in search of insects or gophers and in grazing the horse brushed it with her nose and was bitten.

ANGELENO STILL SERVING NEEDY.

D. J. DESMOND RETURNS FROM NORTH FOR SHORT VISIT.

Thirty Thousand Hot Meals Are Now Doled Out Every Day in San Francisco to Ten Thousand Women, Children and Old Men Who Cannot Work.

"We are still serving 30,000 meals a day in San Francisco and no one knows when we shall be through with the relief work there," said D. J. Desmond, of this city, who is here resting for a few days from his charitable labors in the northern city, which have been continuous since the earthquake.

Mr. Desmond said yesterday to a Times reporter regarding his experiences:

"You know we left here April 20, and were in San Francisco next day. We had 110 Chinese cooks, plenty of provisions and food stuffs of all kinds supplied by the Los Angeles Chamber of Commerce. Two hours after the car came to a halt at the Mole, we were serving hot meals, the first hot food the people had had in three days."

"We had in a few hours five camps in operation, whose expenses were met by the Los Angeles Chamber of Commerce; and I had one of my own. This latter camp was complete. I had eighty head of mules to take care of. The wagons were very convenient to work from. These six camps covered nearly all the city. We were feeding 10,000 people a day."

"This went well until early in May, when Dr. Devine and Col. Feilger told me I must quit. They said our meals were so good the refugees would not have any other. I obeyed orders of course. But May 12 the same people came to me and asked me to begin again as they found they needed our help to cope with the big task of feeding the thousands and thousands of persons in need of food."

"We are now feeding about 10,000 people."

"Who are they? Not the able-bodied. We give them no help. They must go to work. But San Francisco is a great poor house. There are thousands of aged persons, both men and women, and thousands of children. They lost all they had, and the light jobs of work they could do and have no one to depend upon. The Lord alone knows when this relief work can be stopped."

"I am here for a few days and shall return early next week. There are good men in charge of the camps and things are going all right. But I am interested in the work and feel as if I were more responsible than any one else so I came back."

"Yes, I have taken employment under the United Railroads Company, and shall go to work when I get through with this cooking for the needy. I hope to return to Los Angeles in a few weeks at most for a longer visit."

MURDER PLOT THICKENING.

Unknown Woman Present at Discovery of Body.

Who Was Horton's Companion in the Canyon?

Garments Boiled and Marks of Laundry Develop.

At every fresh find in the investigation of the Temescal Cañon murder mystery, the Sheriff's deputies and detectives who are working on the case eagerly scan the possibilities of its leading to something tangible as to the dead woman's identity, or something more definite as to the motive for her murder.

Yesterday the clothing was boiled and cleaned, and laundry marks were thus developed.

The contents of the stomach were removed and will be analyzed in this city, in search of a possible clue—however remote—that may be brought out by chemicals.

Every community in this vicinity is being searched for relatives and friends of the woman, but as cunningly had the murderer removed marks of identification, that, aided by the ravages of time, he has baffled the authorities completely.

Close inquiries have been made into the circumstances under which Posing T. Horton, the Calabasas merchant and School Trustee, found the body Wednesday, about noon.

Horton was driving a white horse hitched to an open buggy, and in the vehicle with him sat a woman whose identity is a mystery.

DISCOVERY IS MADE.

They had penetrated the cañon for a distance of less than three hundred feet, when he unhitched beside a little rivulet to feed and water the horse, and while the beast was enjoying its rest, Horton and his companion ate their luncheon.

Horton espied a small piece of red and black silk in the path near his feet. He picked it up and, curious to learn where it might have come from, peered into the bushes. Not three feet from the path sat the dead woman, robed in the silk of which he held a small portion.

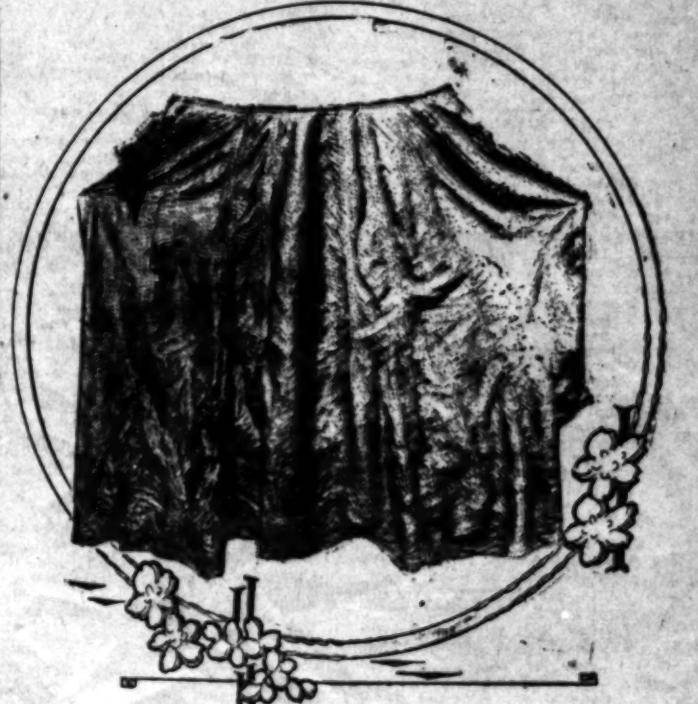

Horton at once harnessed his horse and, with his woman companion, hastened to Santa Monica to report the discovery. The couple accompanied Fred Finch, Undertaker, Guidinger's assistant, back to the lone spot. It was the woman who picked up a stick and with it touched the hair of the dead girl. It was then that the scalp slipped and revealed the clean skull with its gaping wounds.

HORTON'S SISTER APPEARS.

Horton and his companion were seen together no more. Their absence was noted at the Coroner's inquest, Thursday, but among the persons who called to view the body during the progress of the inquiry was Mrs. H. Chapman of Pier avenue, who is a sister of Horton. She thought she might be able to identify the dead woman as a Miss Emma Powers of East Los Angeles, who had worked for her, but from whom she had not heard for several weeks.

Mrs. Chapman had seen her brother, Posey, the day previous, but he had not told her of his discovery in the cañon, although he had visited her on the afternoon of the find.

Mrs. Chapman satisfied herself that

The murdered girl's silk skirt, changeable red and black, hand-embroidered on front.

ple came to me and asked me to begin again as they found they needed our help to cope with the big task of feeding the thousands and thousands of persons in need of food."

"We are now feeding about 10,000 people."

"Who are they? Not the able-bodied. We give them no help. They must go to work. But San Francisco is a great poor house. There are thousands of aged persons, both men and women, and thousands of children. They lost all they had, and the light jobs of work they could do and have no one to depend upon. The Lord alone knows when this relief work can be stopped."

"I am here for a few days and shall return early next week. There are good men in charge of the camps and things are going all right. But I am interested in the work and feel as if I were more responsible than any one else so I came back."

"Yes, I have taken employment under the United Railroads Company, and shall go to work when I get through with this cooking for the needy. I hope to return to Los Angeles in a few weeks at most for a longer visit."

(Continued on Eleventh Page)

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The acting City Engineer yesterday reported to the Board of Public Works that five miles of the outfall sewer remains to be built, and the board is investigating the question of how much work has been paid for in excess of that actually accomplished.

The City Auditor yesterday filed revised estimates of the department budgets for the fiscal year, showing that nearly a million dollars must be lopped off.

The testimony of several witnesses was taken yesterday in the trial of E. G. Schack, alleged murderer of Joel Schack, the jury panel having been completed after several days of questioning.

Mrs. M. G. F. Modeste won her suit against the Public Administrator yesterday, and will receive the estate of Philip Bier, consisting of \$2100. She acted as housekeeper for the deceased for five years.

The divorce mill revolved merrily yesterday and ground out decrees to seven women.

L. Z. M. Potter, a one-legged man, was placed under a peace bond of \$500 yesterday. While full of grape brandy recently he went home broke up all the crockery and made threats against his wife and the neighbors.

M. A. Major, the park policeman who shot Millard Becktel in the leg, was given his preliminary examination yesterday on a charge of assault with a deadly weapon. He was bound over for May in the Superior Court.

AS THE CITY HALL.
SEWER FIGURES ARE STARTLING.

BOARD OF WORKS MAKES NEW DISCOVERY IN MUDDLE.

Five instead of Two or Three Miles Remains to Be Built—Board Investigates Question Whether or Not False Reports Have Been Made on Work Completed.

A crack in the outfall sewer cloud let a merciless sun throw its searching rays into the midst of the Board of Public Works yesterday.

The members of the board have all along been endeavoring to make themselves believe that the sewer muddle is not so bad as it might be, and that the difficulties in the way of its completion on the original lines were not great, after all.

The impression had been that between two and three miles of the sewer remain to be completed, but to their astonishment yesterday they made the discovery that there is, in fact, nearly double that amount upon which no work whatever has been done. In round numbers, seven miles of the sewer are built and five miles remain yet to build.

For their own information, the board requested W. S. Kingsbury, acting City Engineer, to give them a statement from the books of the office, and while, for his own safety, he stated that his figures were only estimates, they are, necessarily, very close to the actual measurements.

Mr. Kingsbury gives the total length of the sewer as 64,775 feet. Of this, he reports 32,531 feet completed and 32,244 feet yet to be built. In the troublesome Section 3, consisting of 12,834 feet, there are 16,776 feet of tunnel, of which 3504 feet are completed, thus leaving in this section alone, almost a mile and a half of underground work.

Unless the members of the Board of Public Works had a misunderstanding of the matter, more work has been reported done and has been paid for than has actually been done. The rubbery of the city has been more than hitherto represented. Unless some mistake has been made in the figures, cash has been drawn out of the city treasury, on duly attested vouchers, to pay for thousands of feet of tunnel sewer for work represented as done but in reality not accomplished.

In consequence of this discovery the theory that City Engineer Sturtevant committed suicide has been revived at the City Hall.

FIRE COMMISSION.
WAGE INCREASE DENIED.

A number of emergency machinists and blacksmiths, who are subject to call by the Fire Department, have made application to the Fire Commission for a 25 per cent increase in their wages. They now receive \$110 a month and free travel on the street cars. On motion of Commissioner Betoullet their petition was denied.

Residents of the neighborhood of Twenty-first and Santa streets and Main avenue put up a vigorous protest against the granting of a permit to a cigar-box factory to run a gas line engine. The Fire Commissioners decided to postpone action and make a personal investigation before finally deciding of the application.

L. A. Day was yesterday refused permission to operate a hand laundry at No. 641 West Washington street.

PROMISED TO BE QUIET.
DEACONESSES PROTECTED.

A strong delegation from the Methodist Women's Home Missionary Society attended the meeting of the Fire Commission yesterday afternoon to voice their protest against the installation of a ten-horse-power distillate engine within eighty feet of their home and hospital on Hewitt street.

The application was made by the Lavett-Bartholomew Company, which has erected an establishment on Garey street, in the rear of the deaconess institutions, for the manufacture of electric fixtures, and the women were fearful that the noise would be detrimental to the rest of the deaconesses as well as to the patients of the hospital. Both institutions have purposely been located away from noise and traffic of the streets.

The applicants for the permit promised to run but eight hours a day for six days in the week, and to muffle the engine so as to eliminate all noise.

Mayor McAdams himself a machinist, knows all about such matters, so in agreeing to grant the permit he said: "We want you to understand that if you let this engine make a noise we will revoke the permit."

The protesting delegation, headed by the Rev. Will W. Knighton and Mrs. P. H. Bodkin, expressed themselves as satisfied with this disposition of the matter.

BUDGETS ARE LARGE.
AUDITOR GIVES FIGURES.

Auditor Schwabe yesterday completed a revision of the department budgets of the city government for the coming year, made necessary by the increase in salary in a number of instances. The aggregate amount asked for by the different heads of departments now reaches \$1,264,825.

Revenue to be derived at the \$1,264,825.

tax-rate on \$202,953.70 assessed valuation of the city, amounts to only \$2.32, but this sum is supplemented by \$1,469,156, estimated receipts from license fees, street-improvements, water revenue, and some other items, bringing the grand total up to \$2,495,977, as the estimated revenue for the year 1934-35.

These figures will make necessary a reduction of \$769,813, at the hands of the finance committee of the City Council, in making their allowances to the different departments.

AT THE COURTHOUSE.
JURY GOTTEN TO TRY STACKPOLE.

FOUR WITNESSES TESTIFY TO CIRCUMSTANCES OF CASE.

Question of Defending Counsel Indicates Intention to Try to Show That Schack Committed Suicide.

S. S. Schack Tells How Mrs. Schack Explained Cause of Death.

The hearing of testimony in the trial of Ernest G. Stackpole, alleged murderer of Joel Schack, was begun late yesterday afternoon. The last jury having been secured and sworn in at 2 o'clock.

The jury is a fairly representative body of men, who reside at various points in the county, as follows: J. K. Brenner, capitalist, Boyle Heights; Charles J. Leach, bookkeeper, Pasadena; Elmer Thompson, farmer, Pasadena; M. V. Fisher, hardware merchant, Redondo; R. W. Dawson and C. L. Hart, both read estate, Los Angeles; L. J. Washington, retired, Redondo; H. P. Wacker, retired, Pasadena; G. M. Phelps, retired, East Los Angeles; G. M. Jurlingame, retired, Pasadena; A. A. Chubb, grocery man, Pasadena, and Worth Means, Los Angeles.

It required three special venues to be issued before the defense could obtain the twelve men of impartial and unbiased mind to which they are entitled. Yesterday the return by the Sheriff of twenty-five citizens showed that an excellent lot of men had been summoned into court. But at noon another venire for ten men was ordered so as to render assurance doubly sure, and by 3 o'clock the last jury was sworn in.

In the Pasadena contingent brought into court much against their will were G. J. Nearing, acting City Engineer; the bankers; D. M. Linnard of the Maryland Hotel and J. R. Giddings of cemetery fame. All, however, escaped service on the jury.

Police Officer Frank Roberda was the first witness put upon the stand to prove the death of Joel Schack. He testified that he had known the deceased during his lifetime, and that he saw and identified him after his death.

S. S. Schack, who lives at No. 548 San Julian street, is the man who was summoned by Mrs. Aurelia Schack after her husband was shot on the night of July 14, and he told what he had heard and seen on the night of the alleged murder. Schack rehearsed the story he told the lower court in detail, including the statement made to him by Mrs. Schack that her husband had been shot by burglars.

Dr. G. W. Campbell described the wounds that he found upon the body of Schack, and stated that the right eye was burned and that unexploded grains of powder were found in the eyeballs of the dead man, but none on the eyelids. One bullet passed through the brain and the other through the left lung, heart sac and wall.

Attorney Neiman, for the defense, wanted to know if the wounds were of such character that the deceased could have inflicted them with his own hand. The witness said that he could. Then the Deputy District Attorney obtained from Dr. Campbell an admission that in the event of such wounds having been self-inflicted there would be powder burns on the face.

The witness said that whether there was a burn or not would depend upon the kind of cartridge used. The charge Deputy County Surveyor E. G. Jones exhibited a ground plan of the Schack house on San Julian street, and testified to the various measurements. Then Judge James continued the further hearing of the case until Monday morning.

SECURES BIER ESTATE.
FRENCHWOMAN REWARDED.

Mrs. Modeste G. F. Ardaud was made happy yesterday, when Judge Monroe made her the sole distributee in the estate of Philip Bier, an old recluse who for years followed his business as a shoemaker on South Main street. The estate amounts to \$2100, in coin.

Mrs. Ardaud is a Frenchwoman. Reverses came to her after coming to this country, and finally she was bereft of husband and money. About five years ago a met her. Bier, who had met with varied adventures since leaving "La Belle France" long years before. The old man had neither relatives or friends, and toward the end of his life he felt his heart go out. He told her that if she would come and keep house for him during the remaining years of his life, he would leave all his property to her. The woman accepted the offer.

Bier died in December of last year. The estate passed into the hands of Public Administrator McGarvin, but he has been unable to discover that the deceased left anything. Under such circumstances the estate would escheat to the State. But Mrs. Ardaud claimed that the estate, whatever it might prove to be, must come to her, for such had been the promise of her dead friend.

Mrs. Ardaud brought suit against the Public Administrator, setting up her claim to the money. Judge Monroe yesterday gave judgment, finding against Mrs. Ardaud on her claim as to the estate, but in her favor on the claim for services. She claimed \$35 a month for her term of five years' work, and as to the balance of the amount of cash in the Administrator's hands awaiting distribution after all expenses were paid.

SEVEN WOMEN PLEADED.
FOR THEY'RE DIVORCED NOW.

After living as girl and married woman for over fifty years in the state of Vermont, Mrs. Ellen F. Pratt packed her trunk and leaving her husband, came west to California. She has done well, and yesterday was granted a divorce from the husband, Isaac McCoy, or his cruelty. They are the children. Mrs. Pratt said that her husband was a carpenter by trade, but loved to fish and hunt better than work.

Dora L. Hungerford was granted a divorce from Frank S. Hungerford on his desertion. They were married at Cripple Creek in 1907.

Sarah Ann Stevens was divorced from Frank E. Stevens on his habitual intemperance. They were wedded in Ontario, Can., 1887.

Fanny McCoy secured a divorce from Isaac McCoy, or his cruelty. They are the children. Mrs. Pratt said that her husband was a carpenter by trade, but loved to fish and hunt better than work.

BRIDGES AND PEACOCK FREE.
Bert Peacock and Thomas Bridges, charged with disturbing the peace, were tried Thursday before a jury in

Justice Austin's court, and the charge against them was dismissed. At the time the Bottler home in the southern part of the city was fired three times in two days, the two defendants clashed with the firemen. When the latter answered the alarm of the last fire they met the two men on the porch of the Bottler house, and a fight followed. The testimony was so conflicting that a conviction could not be had.

IS CANDIDATE FOR GOVERNOR.
PORTER OF WATSONVILLE HAS COME TO TOWN.

He's a Native Son and Says the Coast Counties Should Name the Next Gubernatorial Timber—Asserts That He Is Out to Win on a Straight Business Platform.

Warren R. Porter of Watsonville, arrived in the city yesterday and received friends at the Hollenbeck during the day. He has relatives here, but his trip south on this occasion is more particularly in connection with swinging the circle in his interest as a possible nominee for the Governorship of the State.

As a Native Son, he has many friends, particularly in the coast counties with which his interests and the interests of his family have been identified for many years. His father was a Republican and last Collector of the Port at Monterey under Abraham Lincoln, when the old-time capital was a port of entry; and his sister was born in the old custom-house, that is now prized as a relic of those days.

Mr. Porter also was born in Santa Cruz county and has successfully been engaged in farming, the cattle business, the lumber trade and banking. He is president of the Pajaro Valley Bank and the Pajaro Savings and Loan Society, and though always interested in politics, has never held an elective office. He was a prison director under the Gage administration, and went as a Presidential elector from the Sixth Congressional District when President McKinley ran for his second term.

"I am in this race, and expect to win," said Mr. Porter last evening. "I am in it because the coast counties have become potent factors in the new judicial system, and from now on are destined to play a far more important part than heretofore. Through the counties stretching from Santa Cruz to Ventura I have a multitude of friends. Santa Cruz, Monterey, San Luis Obispo, Santa Barbara, Ventura and Los Angeles used to be included in the Sixth Congressional District, and in that way I made many political friends and acquaintances in this county."

Then to the north in Santa Clara, San Mateo and San Francisco by business and social affiliations I expect to receive a strong measure of support, and in looking over the situation, I am not only satisfied with the outlook but hope and fully believe that I shall win out."

Mr. Porter is accompanied on his trip south by his brother-in-law, R. E. Barton, superintendent of the Sequoia ranch, and both will remain in the city for two or three days and then return north. The former does not profess to have any plans in the event of good fortune accompanying him in the fight he is making.

"If elected I can merely say now that I will give a thorough business administration. I have been a business man all my life, and such success as I may have achieved has been by following out strict business principles. I may say, too, that I never would have got into this race, but for the fact that the coast counties have never had a representative, and yet they are most important factors in the make up of the State, and the future looks up large and full of promise for them."

This candidate for the Governorship is on the sunny side of fifty, and has a wife and two young sons and a little daughter at his home at Watsonville. In appearance he is bluff and hearty-looking, and has the reputation of being a "good mixer," as well as a shrewd business man.

The New Improved Zonophone

As a music maker it has no equal. Clear and pure of tone, with that scratchy sound all done away with, it appeals to the music lover as an ideal instrument for the home. For this instrument we have in STOCK TODAY MORE THAN 50,000 RECORDS. The greatest stock in the West. Being Wholesale Distributors for the Zonophone and Edison as well as headquarters for the Victor, it necessitates our carrying a tremendous stock; but that is your advantage.

WE HAVE WHAT YOU WANT. WHEN YOU WANT IT. TERMS ARRANGED.

AMONG PIANO PLAYERS the Standard the World Over is

The Pianola

Go into what part of the world you will, the name and fame of the pianola will be found to have preceded you. The great musicians praise it. Rosenthal says: "Nothing has more closely approached hand-playing than the Pianola." Paderewski says: "The Pianola is perfection." Josef Hofmann says: "The Pianola is beyond competitors." Chamberlain says: "The Pianola is the only instrument that allows the players to interpret the feeling and the emotion that the work which he interprets inspires."

We have the Sole Agency. You may try it or hear it played at your pleasure. We make terms for payment.

THE POLITICAL WATCH TOWER

With numerous red-hot contests at the city caucuses and bitter fights at the primaries in the country precincts, today promises to be the liveliest so far in super-heated Republican campaign. From the harsh things I heard yesterday in various camps, there should be many broken heads and any number of dashed hopes among the competitors of different candidates for office.

In the country primaries, and especially in the precincts of the First Congressional District, it is evident that the machine bosses will bend their efforts toward electing convention delegates favorable to the nomination of Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district.

At the same time, the machine bosses will bend their efforts toward electing convention delegates favorable to the nomination of Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district.

At the same time, the machine bosses will bend their efforts toward electing convention delegates favorable to the nomination of Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district, and against Capt. C. D. Mendenhall, son of the Assembly district.

Half Holiday—Store Closes at 12:30.

This morning — one pound of paper and a box of 250 envelopes, linen or satin finish, plain or ruled, 50c.
You'll not find a back number or a bad style here in these embroidered turnovers, hemstitched and drawn-work fancy collars at 25c each, 50c and 50c, and worth it, too.
Today a sale of mirrors and hair brushes that have been priced at 75c and \$1 all along — now 50c.

Stylish Silk Suits

At Half—or Near It.

There are no apologies to make for style, workmanship or material of any of the silk costumes involved in this morning's sale. The reason for their reduction is simply and solely this, we are ordering new things each day, and bringing in what amounts to fresh stock every week. It's easy to see that room must be made, at whatever cost, so, these bargains for you.

Every woman who reads this announcement will want to see, and every woman who sees will want to buy. But the number isn't large!

There are both coat and shirt waist styles, with tucks and short or long sleeves, lace yokes and insertions. Taffeta, Rajah and Louisine silks among them, a large variety of colors, checks and plaids.

It would be impossible to find equally good silk suits for less, some are reduced even more than half, some a third and more, on every one the reduction is generous. Practically all sizes, too, at first. Six sample values follow.

\$25 Suit Very smart blue and white plaid shirtwaist suit, Val. lace yoke, cluster tucked skirt.
for \$15

\$28.50 Suit Bordeaux red check coat suit, short sleeved Eton jacket, trimmed with lace medallions, shirred Princess skirt.
for \$15

\$35 Suit Pearl gray suit, Eton jacket, trimmed with stitched bands, white silk applique on collar and narrow vest, circular skirt, pleated front, three bias folds above hem.
for \$20

\$72.50 Suit Dark blue faille suit, Eton jacket, with bands of wide silk braid, hand made braided collar, short sleeves, full gored skirt.
for \$35

\$78.50 Suit Reseda chiffon taffeta suit, banded pony jacket, collar, cuffs and vest of white pique, silk and braid trimming, full pleated gored skirt with bias folds.
for \$37.50

\$82.50 Suit Blue Rajah silk suit, short pleated coat, white lace collar, fancy button trimmings, full pleated skirt.
for \$25

Are You Buying Black Silks?

Fashion demands black silks, and there are more remarkable values here than many of us would have dreamed of. We planned for great selling—bought of every weaver likely to be wanted by this city's most refined dressers. And we've snipped an average fourth (oftentimes more) from the regular fair selling price of every yard involved.

Veiling 25c Yd.
A wind-up of veiling selling at 35c, 50c, 65c and 75c a yard at 25c. You'll find here veilings in black, white and good colors, plain or broken meshes, but often not very much of a kind, so it's well to be early.

Less for Men's Bathing Suits
Though bathing suits don't change in style much from year to year, we'd rather have the room than the company of every wool suit here, men's and boys' sizes, so they're liberally reduced. Men's summer weight underwear in plain and fancy weaves at reduced prices, during August.

Half Hose Sale
Men's fancy half hose, absolutely seamless and fast color, four different patterns being closed out at two pairs for 25c, regularly 20c a pair. Our regular 25c half hose in fancy designs, both light and dark, 3 pairs for 50c.

Staub's

The popular place to buy men's, women's and children's shoes closes at noon today. Show your appreciation of the half holiday plan by buying your footwear this morning.

"Skuffers" For Boys

The name tells the story of these shoes. While they are designed for the great amount of "skuffing" the youngsters give them, they are neat and attractive in appearance.

Black and tan, all sizes.
Mail orders carefully filled. Send for self-measurement blank.

HONORS TO YUMA. Miss Wilma Gibson, the Yuma contestant, has the distinguished honor of being the first Yuma subject in the contest, and as a consequence rises twelve rows in the score. She has also written a letter to the editor of the *Chronicle* in which she pleads her own cause as follows: "I am sorry to say I have done so little for my school, but I have been so busy. I intend to do more. I am not able to do very much toward helping myself, but I have been at school 12 until 5 p.m., and I have to see all the children in order to attend school this fall. For two weeks I have been unable to go to school, and I have been saving as I have been ill and the heat was too much for me. I will graduate from school in June, and I am very disappointed. I would rather go to school than do anything else. This is my last year from my employer (Miss Wilma works in a confectionery store in Yuma), for whom I have been working for many years. I am very kind to me."

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

RUMORS OF CONSOLIDATION.

LOS ANGELES MAN FILES ON WILL CREEK WATER.

Nearly Four Thousand Acres of Land in the San Bernardino County Filed That He Acts for Producers Who Contemplate Consolidation of All Power Interests.

LOS ANGELES, Aug. 10.—[Exclusive Dispatch.] J. C. Taylor of Los Angeles has filed on the Will Creek water in the San Bernardino County, claiming nearly four thousand acres of land. The water is said to be of great value to the producers of the Will Creek valley, and the consolidation of all power interests in the region is being contemplated.

NEW ORANGE COMBINE.

Natural Orange Distributors of San Bernardino County.

The new combine of the natural orange distributors of San Bernardino County, California, has been formally organized. The combine, which is known as the "Natural Orange Distributors of San Bernardino County," has been organized for the purpose of controlling the market for natural oranges in the region. The combine is said to be one of the most powerful in the industry.

DR. H. R. BURNER SUE BY WIFE.

SEEKS DIVORCE ON CHARGES OF EXTREME CRUELTY.

Proprietor of Los Angeles Sanatorium Accused of Improper Relations With Women—Spouse Is Thirty Years Younger Than Defendant. Couple Have One Child.

LOS ANGELES, Aug. 10.—[Exclusive Dispatch.] Extreme cruelty and improper relations with women are the charges made by Mrs. Henry Russell Burner against Dr. H. R. Burner, in her suit for divorce filed in the Superior Court here today.

Dr. Burner is, according to his advertising circulars, "proprietor and surgeon-in-charge of the Los Angeles Sanatorium and California Radium, Milk and Rest Cure," located at the corner of East Fourth and St. Louis streets, Los Angeles.

Two years ago, the date of his marriage at San Rafael to the woman who now seeks a legal separation, Burner appeared here with a number of assistants and set up business as the "British Medical Institute," of which he was head. In the little over a year that Burner operated here he had many patients for his medical advice and treatment.

After the field here ceased to be profitable, Burner moved away. While in public with his wife, Burner always appeared quite attentive to her. She is thirty years younger than her husband.

Mrs. Burner and her child, of which the doctor is the father, are here. "I do not wish to make any statement," said Mrs. Burner tonight, "because this is my home and not that of the doctor's, and because of Radium, if for no other reason, I do not wish any publicity."

Mrs. Burner is a fine-looking, refined, intelligent woman, and her marriage to Burner, greatly her senior, was the subject of some little comment.

TALK INCORPORATION AGAIN.

Board of Trade of Huntington Beach Receives a Communication from Company.

HUNTINGTON BEACH, Aug. 10.—[Exclusive Dispatch.] The main topic of discussion at the Board of Trade tonight was the proposed incorporation of the Huntington Beach Company. A special session was called for the purpose of considering a letter received by President Warner from the Huntington Beach Company in regard to incorporation and several matters of interest.

It appears at this time that the point of difference in opinion between the citizens and the Huntington Beach Company is not so much the matter of incorporation as the corporation boundary lines. The people of Huntington Beach generally want to take in the ocean front all the way up to the Hotel Chino Club possession on the west side of this city. While the Huntington Beach Company is perfectly willing to have the town incorporated, it does not favor incorporating any further west than Twenty-third street at present.

At the time the incorporation subject was agitated, before the people of Huntington Beach undertook to embrace what was opposed as too much territory, and they only met with opposition from the Board of Supervisors, who do not favor taking in acreage that does not hold promise of becoming town property. They were opposed, also, by the residents of the outlying districts, the inclusion of which was contemplated.

The Peat Fuel Company is unloading a large quantity of freight at the station near Wintersburg, and will ere long be in operation.

The Pacific Electric car service here has of late not been satisfactory. The car crews have been having troubles of their own in the form of derailments and breakdowns. Last night a breakdown at Willow caused the cars to run two hours late.

Mr. Wilson for real rest and enjoyment; \$15 week.

PRISONER MAKES ESCAPE.

C. W. Wright, Tried Recently for Murder, Gets Away from Officers at Calexico.

LOS ANGELES, Aug. 10.—[Exclusive Dispatch.] Word has been received here that C. W. Wright escaped from the officers at Calexico, when brought up for preliminary hearing, and is now a fugitive from justice. Wright was discharged last week on the charge of murdering E. R. Hornby of Calexico, and was afterward arrested for obtaining money under false pretenses. Strenuous efforts are being made to capture the fugitive.

MAY NOT CALL CONVENTION.

The directors of the Chamber of Commerce for one week on the matter of calling a convention for the consideration of the Colorado River problem. A number of letters were received from Imperial Valley people, some favoring and others opposing the holding of a convention.

NEWS OF NEWPORT.

NEWPORT, Aug. 10.—Frank Thompson of Corona, came near meeting death from drowning, yesterday, while bathing at Newport. He did not understand the surf and was caught in a tide rip. Frank Sharpe and William Hatley were his rescuers.

The launch Eliza, with Capt. Starck, took a party of six to Catalina and returned Wednesday. There was a large fish of the yellowtail variety landed from the Balboa wharf yesterday. The fish weighed fifty-two pounds.

All natives of Alabama and their husbands, wives, sons and daughters, living in Orange county, are invited to attend a picnic at Newport Beach on the 15th inst. Many members of the Alabama Association are expected to be present.

MISSING GIRL IS AT LONG BEACH.

DAUGHTER OF SANTA BARBARA MAN FINALLY LOCATED.

Young Woman Disappeared Over a Month Ago and for a Time It Was Thought She Had Met With Foul Play—Father Denies the Reports Against Her Good Behavior.

SANTA BARBARA, Aug. 10.—[Exclusive Dispatch.] Ruby Rockwell, the eighteen-year-old daughter of C. H. Rockwell of No. 525 Canal street, who disappeared from her home recently on the Fourth of July, has been located at Long Beach. She has made her whereabouts known to her father and has written several letters to him.

It was thought by the police that Miss Rockwell was the victim of the murder committed several weeks ago in Temescal Canyon, near Santa Monica. The description of Miss Rockwell tallies with that of the body found in the canyon last Wednesday. But Mr. Rockwell declares that his daughter is alive and that he received a letter from her this week under a Long Beach postmark.

It was rumored that Miss Rockwell had eloped to Los Angeles with a man who left a wife and baby destitute in this city, but her father denies this report. He said today that his daughter had been a companion for an elderly lady of means with whom she has made two trips to San Diego. Mr. Rockwell said that he could refute much that has been said about his daughter, but would make no statement at present in regard to her leaving home.

HITS SKUNK WITH BRICK.

And Learns Something—Polecat Puts Street Car Out of Business.

SAN BERNARDINO, Aug. 10.—A polecat put a Highland car of the San Bernardino Valley Traction Company out of commission last night.

The cat was picked up on the fender, and, during the twelve-minute run to town gave frequent evidence of its presence, much to the misery of the passengers and crew.

On the arrival of the car at the local office of the company, the cat walked from under the car, stampeding the passengers, one of whom attempted to strike the cat with a brick. He learned a few things on the spot, and had to walk home, public or private conveyances not being at his disposal unless he could purchase the vehicle outright. The car had to be taken into the barn for complete renovation.

NEWS ITEMS.

LOS ANGELES, Aug. 10.—[Exclusive Dispatch.] The main topic of discussion at the Board of Trade tonight was the proposed incorporation of the Huntington Beach Company. A special session was called for the purpose of considering a letter received by President Warner from the Huntington Beach Company in regard to incorporation and several matters of interest.

It appears at this time that the point of difference in opinion between the citizens and the Huntington Beach Company is not so much the matter of incorporation as the corporation boundary lines. The people of Huntington Beach generally want to take in the ocean front all the way up to the Hotel Chino Club possession on the west side of this city. While the Huntington Beach Company is perfectly willing to have the town incorporated, it does not favor incorporating any further west than Twenty-third street at present.

At the time the incorporation subject was agitated, before the people of Huntington Beach undertook to embrace what was opposed as too much territory, and they only met with opposition from the Board of Supervisors, who do not favor taking in acreage that does not hold promise of becoming town property. They were opposed, also, by the residents of the outlying districts, the inclusion of which was contemplated.

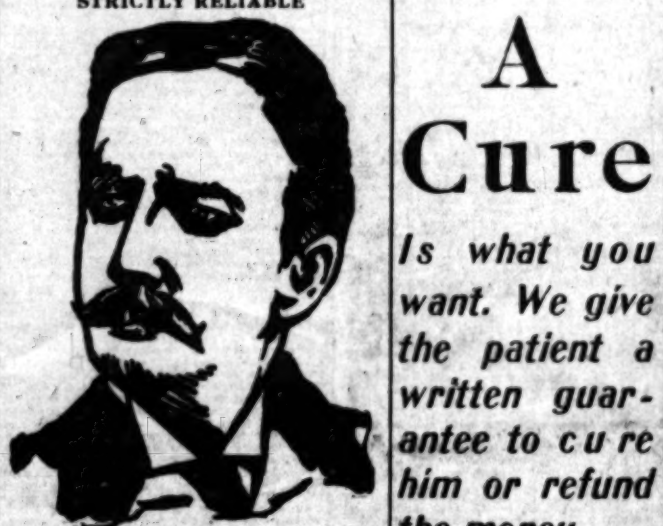

The Peat Fuel Company is unloading a large quantity of freight at the station near Wintersburg, and will ere long be in operation.

The Pacific Electric car service here has of late not been satisfactory. The car crews have been having troubles of their own in the form of derailments and breakdowns. Last night a breakdown at Willow caused the cars to run two hours late.

Mr. Wilson for real rest and enjoyment; \$15 week.

Facts For Weak MEN

STRICTLY RELIABLE

Don't Miss This Opportunity

Our method completely and permanently restores power after "cure-all" remedies and "quick-cure" specialists fail even to benefit.

Our scientific, systematic course of treatment for weak, nervous, broken-down youths and men, who have, through folly, dissipation and excess, unfitted themselves for work and the enjoyment of life, is a system that has been tested many times over and proven entirely satisfactory. It is totally different from the many sickening pills and tablets and the stimulating, stomach-ruining drugs given by would-be specialists. Our specific treatment for all the symptoms indicating failing strength is harmless, though so effective as to remove them immediately. It is constitutional; therefore, by purifying the blood, strengthening the nervous system, nourishing the tissues, the patient becomes strong and healthy, with all signs of the trouble forever gone. This treatment is to the human system what the sap is to the tree—it buds energy, ambition and confidence that leads into a prime, healthy, manly feeling of new life.

WE CHARGE FOR CURES ONLY. We do not expect pay for our services unless we cure a patient sound and well, so that he will be entirely satisfied, and will never again have to be treated for the same trouble. Our patients receive a written agreement to this effect, which secures them against any possibility of loss should we fail to cure. WE WANT PAY FOR SUCCESS AND NOTHING FOR FAILURES. INVESTIGATE AND LEARN THAT OUR WORD IS AS GOOD AS OUR BOND, OUR FINANCIAL STANDING IS SOLID, AND THAT OUR LONG EXPERIENCE IN TREATING SPECIAL DISEASES OF MEN INSURES YOU OF MODERN, SCIENTIFIC TREATMENT. THE WILL ACCOMPLISH DESIRABLE RESULTS IN ALL CURABLE CASES.

Consultation Free, Confidential and Invited. A personal, thorough and searching examination is required. Write for information. Terms are always made to suit the convenience of any one applying for treatment, and very reasonable charges. Do not treat elsewhere until you have investigated our methods and terms. Office hours during the week, 8 a. m. to 8 p. m.; Sundays, 9 to 1.

MEN

27 Years' Experience

Our treatment of men has been by us brought as near curative perfection as can be found in any city of this country.

In all our work we are thorough, painstaking and careful to give just the treatment required in each individual case. For 27 years we have been proving to the people of Los Angeles and the whole country our ability and reliability as thorough medical education supplemented by 27 years' actual experience. Our success is unquestioned in any case we receive for treatment.

There are no failures with us. We make CONTRACTED, DEBILITY, KIDNEY AND BLADDER TROUBLES are treated by us with unequalled success. Our methods are along lines that have been proven as nearly correct as modern science permits. Their time is for you. If you treat with them they honestly give you their best skill and most careful attention. You get in treatment from them the results of their long and successful experience. Call at their office or write them.

BARRY TRIES TO MELT SNOW.

Ventura County Candidates Make Fly in Warm Contest for Nomination.

VENTURA, Aug. 10.—One of the hottest political fights ever known in this county, not excepting even the celebrated Hard-Oxnard contest, is that being waged between John Barry of this city and Hiram Snow, the famous bear-hunter of El Rio, for the Republican nomination for the office of County Assessor. For a time both men flitted about a quiet still hunt for delegates, each all the while keeping strictly within his own bailiwick and trying to entice delegates with honeyed words. Now, however, each is out with a scalping knife. Barry has invaded the Snow precinct of El Rio and a Barry ticket has appeared, and the Barry people are out in other over-the-river precincts, which had been long conceded to Snow.

The Barryites have invaded Pleasant Valley, and a quiet still hunt for delegates, each all the while keeping strictly within his own bailiwick and trying to entice delegates with honeyed words. Now, however, each is out with a scalping knife. Barry has invaded the Snow precinct of El Rio and a Barry ticket has appeared, and the Barry people are out in other over-the-river precincts, which had been long conceded to Snow.

ELSIPORE LOCAL LORE.

ELSIPORE, Aug. 10.—A number of carloads of hay are being shipped from this and the Murietta Valley at present, the crop having been very large. The apricot crop was shipped last evening. It was decided to buy a lot of 100 boxes of the Sharp Drug Store as a nucleus for the new library.

Mrs. Beate Chamberlin, who has passed the last two weeks with relatives in Los Angeles, returned to Elsinore yesterday.

Mrs. C. D. Ford returned yesterday from Riverside.

Mrs. Fred Fortine of Santa Maria, who, with her baby, has been visiting at the home of her parents, Mr. and Mrs. H. H. Langstaff, left Elsinore yesterday.

BIG SHIPMENTS PREDICTED.

New Anaheim Walnut Association Signs for Heavy Crop—Entire Output Contracted for.

ANAHEIM, Aug. 10.—It is reported that the new walnut association has signed up quite a heavy tonnage of the present crop and prospects are good for heavier shipments than heretofore. The entire output of the association has been contracted for, and estimates of the crop soon will be sent to the buyers.

The secretary reports that the association has signed up for twenty-five carloads.

HEIR AND THERE.

Mr. Schindler, who was knocked in the head by a tramp last week because he refused to buy a coat hanger from the fellow, is seriously ill, and is said to be partially paralyzed. The hobo was taken to the County Jail Saturday night, as a number of residents were mad enough to have "strung" him up and they had given an opportunity to get him. Therefore, the constable slipped the prisoner away.

Miss Bernice Tipton, daughter of Attorney W. S. Tipton, was reported dangerously ill yesterday, but a little better today. She has pneumonia fever.

Mrs. Henry Adams has gone to Balboa for a week's outing.

The Ganahl Lumber Company has received a shipment of fifteen carloads of lumber from San Pedro.

Mrs. Y. Supulveda is on the way here from Mexico to spend a month with the family of Adolph Rimpau. She is the wife of Judge Supulveda, an attorney of the City of Mexico, who was also a Superior Judge in Los Angeles several years ago.

Today Dickel has gone to Berkeley to take a four-year course in mining and civil engineering at the State University. Theayette Lewis has also gone north to take a full-term course in the university law school.

At a meeting of the library board last evening, it was decided to buy a lot of 100 boxes of the Sharp Drug Store as a nucleus for the new library.

Mrs. Beate Chamberlin, who has passed the last two weeks with relatives in Los Angeles, returned to Elsinore yesterday.

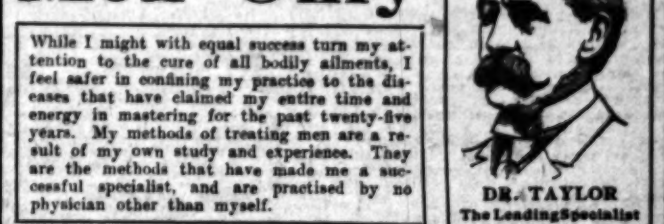

Mrs. C. D. Ford returned yesterday from Riverside.

Mrs. Fred Fortine of Santa Maria, who, with her baby, has been visiting at the home of her parents, Mr. and Mrs. H. H. Langstaff, left Elsinore yesterday.

Lasting Cures

For Men Only

While I might with equal success turn my attention to the cure of all bodily ailments, I feel safer in confining my practice to the diseases that have claimed my entire time and energy in mastering for the past twenty-five years. My methods of treating men are a result of my own study and experience. They are the methods that have made me a successful specialist, and are practiced by no physician other than myself.

You Can Pay When Cured

Why My Cures are Lasting

Because the methods I employ meet even the most minute details of these ailments to which they apply, and are readily modified to meet the requirements of individual cases. Because my treatment is simple, scientific and thorough, my cures are complete and lasting, and my patients have no relapses. For the same reason I am usually able to cure in much less time than is commonly required in obtaining but partial results.

Contracted Diseases

Improper treatment of contracted diseases can easily bring loss of power. An examination reveals this very cause in a large portion of the cases of weakness. Lingering inflammation centering in the prostate gland is sure to result in disordered functions, and the condition will never be corrected until the inflamed and swollen gland is restored to its normal state. I thoroughly cure every contracted disease I treat. The remedies I employ are known to myself alone, and no other physician has yet produced equally prompt and thorough cures.

Weakness

So long as physicians continue along the old lines of treatment of this disorder, men will continue to be disappointed time and again in their efforts to obtain a cure. I have found that disorders entirely local are responsive to promissory use of power, etc., and that there is not even the slightest possibility of obtaining a cure through use of internal remedies. My treatment is directed toward the removal of all abnormal conditions throughout the organs involved, and I do not fall in a single instance to restore complete and permanent activity of all the functions. I offer consultation free either at my office or by mail, and am always glad to render any advice that may be helpful. All correspondence strictly confidential.

Greatest Nerve and Blood Tonic

No. 2. M. I. S. T. No. 2.

I have given personal inspection to the working of M. I. S. T. on the human system and must say that it entirely meets with my professional opinion. D. H. LOOMIS, Late Demonstrator of Anatomy, Philadelphia Medical College

What We Guarantee M. I. S. T. No. 2 Will Cure

RHEUMATISM, no matter how long standing. Any case of inflammation of the bladder or Enlarged Prostate Gland, no matter if the patients have been for years forced to use a catheter. ANY CASE OF DIABETES.

All cases can be cured, and permanently restore youthful vigor and vitality. It is so stimulant. Its effects are permanent and lasting. Will cure any case of STRICTURE without local treatment. Will cure any case of Varicocele. Will remove entirely from the system Cancer and Cancerous Germs.

In addition to the above, M. I. S. T. No. 2 has cured many cases of Paralysis, Locomotor Ataxia, Spinal Trouble and apparently incurable diseases of the nerves.

M. I. S. T. has been on the market for over twenty years, and has cured thousands of sufferers. It is prescribed by leading physicians all over the country. It is pleasant to take and absolutely safe. It never increases or diminishes the action of the heart.

THE M. I. S. T. CO., TOLEDO.

M. I. S. T. is a new era in the treatment of all Blood, Liver and Kidney Diseases. Call for a free trial. D. H. LOOMIS, Late Demonstrator of Anatomy, Philadelphia Medical College. (Harris Phone 1234, Sunset Broadway 456, P. J. NORTH, Sole Agent, 404 South Hill St., Los Angeles, Cal.)

MEN

WHY DO MY PATIENTS get the results they are looking for?

THE ANSWER IS SIMPLE: I take great interest in your CASE and will work hard and honestly to accomplish a thorough and complete cure.

I AM NOT AFRAID to exert myself in your behalf. This is why I am SUCCESSFUL.

VARICOCELE CURED FOUR TO SIX DAYS.

Many men suffer from varicocele and have many times treated without satisfactory results. I want to say to all such that my treatment, personally applied, will cure you in 4 to 6 days, and the cure will be permanent.

Functional Decline.

Termed Weakness by Some. The functional derangement has been a great surprise to many who have met with failure in former treatment. It's the right treatment applied in the right way that brings the satisfactory results. By my direct method all inflammation is removed, and free, healthy circulation is established.

SECOND FLOOR

PARROT STARTS MERRY WAR.

MISTRESS SEEKS WARRANTS FOR TWO BOYS, THREE DOGS.

Little Willie doesn't like Polly's lectures in Mrs. Robert's back yard and leads assault, flanked by Canine Cavalry—Prosecutor Remembers His Own Boyhood Days.

Increased over the indignities heaped upon her pet parrot by two small boys, assisted by three dogs, Mrs. J. H. Robert, who lives on Crocker street, near the corner of Tenth, appealed to Assistant City Prosecutor Eddie yesterday afternoon for complaints charging the boys and their canine accomplices with assault with intent to commit murder.

According to the woman's story, she took her Polly into the yard for an airing. She placed the cage on the lawn and opened the door; Polly climbed up on top of the little wire house and addressed the neighborhood in gay, but shrill, tones.

About this time Willie Brickett, aged 12, and another small boy living in the neighborhood happened along, accompanied by three dogs. When the guilty little of mischief-makers spied Polly there was something doing right away.

It took Mrs. Robert a long time to tell this part of the story, and she dried her eyes with her handkerchief frequently, but finally managed to tell the attorney how the dogs and the boys had heaped indignities upon Polly and had even become so rough that when she finally rescued her priceless pet it was all but dead.

Mr. Eddie said he did not know which hospital the injured Polly was removed to, but understood that she was improving as rapidly as might be expected under the circumstances. When the woman had finished her

BUSINESS PROSPERITY.

Crops Generally Good and Prices Rule High, According to Dun's Southern California Review.

Wheat harvesting is now on and the crop is good, says R. G. Dun & Company's monthly review of trade conditions in Southern California. The barley crop has exceeded that of last year, but the quality is not as good. Dryers are busy and canneries in full swing. The apricot run is completed and peach cutting is in progress. In all sections growers have received high prices, 25 to 50 per cent. over last year. Winter vegetable planting is heavy, 2500 acres of celery in it. It is estimated double the acreage of last year will be put in. Tomatoes average 3 per cent. higher than last year. The sugar campaign has opened at all Southern California factories. The output will be the largest in history of industry, 25,000,000 pounds, as against 17,000,000 last season. The value is reckoned about \$5,000,000.

The raisin output, estimated at 50,000 tons, has been mainly contracted at 3 1/2 cents in sweet box, 5 1/2 to 6 cents in New York market for seeded raisins, enabling easy retailing in 10-cent pound packages, is attractive to packer and jobber. The apricot tonnage of State will not reach 100 carloads and is mainly Southern California production. Last year's output reached 800 carloads. Packers offered to make contracts early in season at 10 1/2 cents. Now eastern dealers must pay 14 to 16 cents, and prices are sliding downward.

The canned goods market is very active and tone is strong. Since opening prices have been named, volume of business has been so large that lists are already out. More withdrawals are anticipated and advance in prices materially higher than last year. The canneries of Southern California outbid the dryers this year for apricots and peaches. Last year very few apricots were canned here; this year the output, in spite of short apricot crop, is at

least 1,000,000 cans. Peaches probably be five times as many. Orange money continues to flow. Southern California link sales this season are weak at present rate. Valencia is firm and market is weakening at present rate. Lemon market has been considering glut of citrus fruit. Market is now in a state of uncertainty. Price averages for apricots, 25 to 30 cents; for peaches, 15 to 20 cents; for lemons, 10 to 15 cents; for oranges, 10 to 15 cents. The bean market is active. The price of beans is 12 to 14 cents. The price of lentils is 10 to 12 cents. The price of chickpeas is 10 to 12 cents. The price of soybeans is 10 to 12 cents. The price of mung beans is 10 to 12 cents. The price of black beans is 10 to 12 cents. The price of pinto beans is 10 to 12 cents. The price of navy beans is 10 to 12 cents. The price of kidney beans is 10 to 12 cents. The price of lima beans is 10 to 12 cents. The price of garbanzo beans is 10 to 12 cents. The price of fava beans is 10 to 12 cents. The price of broad beans is 10 to 12 cents. The price of vetch is 10 to 12 cents. The price of clover is 10 to 12 cents. The price of alfalfa is 10 to 12 cents. The price of timothy is 10 to 12 cents. The price of ryegrass is 10 to 12 cents. The price of brome is 10 to 12 cents. The price of fescue is 10 to 12 cents. The price of orchard grass is 10 to 12 cents. The price of timothy is 10 to 12 cents. The price of ryegrass is 10 to 12 cents. The price of brome is 10 to 12 cents. The price of fescue is 10 to 12 cents. The price of orchard grass is 10 to 12 cents.

Notice.
Agreeing to work at the Spreckels Sugar Factory during the coming season, will please apply personally or by mail, at the Superintendent's office at Spreckels, Cal.

FIGHTING FOR HARBOR GIFT.

Espee Seeks Valuable Rights in San Pedro Bay.

Opposes Application of the Imperial Company.

Claims to Own Everything Else, Wants This.

A fight is on between the Southern Pacific and the Imperial Investment Company for warfage along the breakwater in the outer harbor at San Pedro and for all of the reclaimable land lying between the Miner reclamation project, the United States reserve, west and southwest to the shore line—the only reclaimable land now in the outer harbor.

A hearing was held at 11 o'clock yesterday morning in the office of the United States Engineer, of the application of the Imperial Investment Company for warfage and bulkhead space in the outer harbor. The Southern Pacific Company not only filed a protest against the granting of this application, but also filed counter applications for warfage and bulkhead and requests that its tracks be allowed to remain on the breakwater.

The Los Angeles Chamber of Commerce filed a protest against the application of the Imperial Investment Company for warfage and bulkhead and requests that its tracks be allowed to remain on the breakwater.

The Los Angeles Chamber of Commerce filed a protest against the application of the Imperial Investment Company for warfage and bulkhead and requests that its tracks be allowed to remain on the breakwater.

The Los Angeles Chamber of Commerce filed a protest against the application of the Imperial Investment Company for warfage and bulkhead and requests that its tracks be allowed to remain on the breakwater.

RIGHTS ARE DENIED.

In its protest against the granting of the application of the Imperial Improvement Company, the Southern Pacific claims that the applicant under its articles of incorporation has no power or authority to acquire and hold any of the rights prayed for in the petition and that the corporation has no property adjacent to the proposed fill and no means of access to it and under its articles of incorporation has no authority to condemn a right of way or construct a railroad to it.

The Southern Pacific claims to own all the land along the shore line adjacent to and opposite the desired fill and that in granting the application of the Imperial Investment Company the Southern Pacific would be damaged by having its access to the shore line cut off.

Finally the railroad asserts that if the petition protested against is granted the improvement of the outer harbor will be delayed by the institution of legal action.

Undoubtedly this matter will be taken into court and the contest will mainly be over the alleged ownership of the property along the shore line and the question as to what rights are established by such ownership.

CLAIMS MOST EVERYTHING.
Franking this protest the Southern Pacific immediately filed a petition for a permit to construct a bulkhead and reclaim the land desired by the Imperial Investment Company. The petitioner represents that it is the owner of all the property along the shore line and asks permission to build a bulkhead from the intersection of the shore line with the United States government reservation, 800 feet along the south line of this reservation, then southeast about 250 feet parallel with the southwestern line of the Miner reclamation project; thence southwest about 1700 feet to a point 620 feet westerly from the shore end of the breakwater; thence westerly 1200 feet to the shore line.

PERMISSION IS ASKED TO CONSTRUCT SLIPS, TO FILL IN SPACE INCLOSED BY THE BREAKWATER AND TO DO SUCH DREDGING AS MAY BE NECESSARY TO DEEPEN ADJACENT CHANNELS, THE DREDGING TO BE USED TO FILL IN THE RECLAIMED AREA WITHIN THE BREAKWATER.

In its petition for permission to construct a wharf on the inner side of the breakwater, the Southern Pacific claims that it is the owner of the railroad tracks at present on the breakwater, and asks that these tracks be allowed to remain when the breakwater is completed and that the corporation be permitted to use the breakwater for a wharf 200 feet long and 200 feet wide, extending parallel with the breakwater from a point about 2000 feet from the shore line.

These exercises will take place at noon at the Soldiers' Home, Sawtelle.

Maj. E. A. Sherman is here to take charge of the flag-raising today at the Soldiers' Home in honor of the sixtieth anniversary of Commodore Stockton's march from the coast to lay siege to the pueblo of Los Angeles.

These exercises will take place at noon at the Soldiers' Home, Sawtelle. Gen. La Grange, Governor of the Home, will be the officer of the day; he and Sherman will take place at the head of the parade.

Monday there will be a flag-raising in Los Angeles. Miss Elizabeth Fremont will assist Maj. Sherman in hoisting the flag.

In the evening there will be exercises at Simpson Auditorium, where well-known Angelenos will speak.

ANOTHER BULL FIGHT AT Tia Juana, Mex., Near San Diego.

Sunday, August 12, Round trip, \$1.00, including admission to the fight. Tickets on sale for all trains, Saturday, August 11, and Sunday, August 12, 2:00 p.m., 11:00 a.m.

PARROT STARTS MERRY WAR.

MISTRESS SEEKS WARRANTS FOR TWO BOYS, THREE DOGS.

Little Willie doesn't like Polly's lectures in Mrs. Robert's back yard and leads assault, flanked by Canine Cavalry—Prosecutor Remembers His Own Boyhood Days.

Increased over the indignities heaped upon her pet parrot by two small boys, assisted by three dogs, Mrs. J. H. Robert, who lives on Crocker street, near the corner of Tenth, appealed to Assistant City Prosecutor Eddie yesterday afternoon for complaints charging the boys and their canine accomplices with assault with intent to commit murder.

According to the woman's story, she took her Polly into the yard for an airing. She placed the cage on the lawn and opened the door; Polly climbed up on top of the little wire house and addressed the neighborhood in gay, but shrill, tones.

About this time Willie Brickett, aged 12, and another small boy living in the neighborhood happened along, accompanied by three dogs. When the guilty little of mischief-makers spied Polly there was something doing right away.

It took Mrs. Robert a long time to tell this part of the story, and she dried her eyes with her handkerchief frequently, but finally managed to tell the attorney how the dogs and the boys had heaped indignities upon Polly and had even become so rough that when she finally rescued her priceless pet it was all but dead.

Mr. Eddie said he did not know which hospital the injured Polly was removed to, but understood that she was improving as rapidly as might be expected under the circumstances. When the woman had finished her

CARS DELAY AMBULANCE.

While Man Lies Unconscious in Store, City Conveyance is Blocked for Six Minutes.

Theodore Miller, a Belgian living at No. 516 Ruth avenue, collided with a street car of the Maple avenue line, evening, while riding a bicycle south on Main street between Fourth and Fifth streets, and was carried unconscious into a near-by store.

An ambulance, which had been summoned, was driven down Fifth street and the police say, was delayed six minutes by the action of a switchman stationed at the corner of Fifth and Main streets, who got the car passing the busy corner so securely blocked that the ambulance could not pass.

When Miller finally reached the Receiving Hospital the surgeons found that he had sustained a fracture of the frontal bone of the skull and a serious concussion of the brain, besides numerous cuts and bruises.

WRECK KILLS MAN.

Young Motor Car Crashes Into Bridge.

Associated Press—P.M.
CITY, Aug. 11.—One of the most badly injured men and women in a motor car wrecked on a boulevard six miles from the city center, today.

The car, a 1911 model, was driven by a man named John J. Wilson, 32, of Philadelphia, who was badly injured and is in a critical condition.

The car was traveling south on the boulevard when it struck a bridge and flipped over onto its side.

The driver, Wilson, was thrown from the car and landed on his head. He was taken to a nearby hospital.

The car was a 1911 model, owned by Wilson. It was traveling at a high speed when the accident occurred.

The accident occurred at about 5:30 p.m. on a busy day. The boulevard was crowded with traffic.
